

How to join?

Thank you for your interest in the **Pact for Skills** and its Europe-wide **Large-scale Partnership (LSP) in Tourism** to address the current and future skills needs of this sector and make it more digital, sustainable and resilient.

Find attached the version of the **Tourism LSP baseline document** from May 2024, updated from the initial text of January 2022 when it was constituted. **You join the Tourism LSP by expressing support to this document**, this automatically adds you to the list of signatories.

The process is simple, please follow these steps:

1. Send an email to **DG GROW - Ms Elfa Kere** elfa.kere@ec.europa.eu and CC: to engagement@pacts4all.eu with a short text expressing the support of your entity to the Tourism LSP and its baseline document.
2. Provide **a logo of your organization**, to be added to the baseline document
3. If not done already, you also should register your entity for the **overall Pact for Skills**. You find detailed [instructions here](#). If you already are registered, please update your file by indicating the registration number of the Tourism Partnership **897**

Once received the above, we include you in the list of signatories in the Tourism LSP document, and you are added also to the contact / email list for future communication. Currently we hold **open online meetings** for **all** interested stakeholders – *both signatories and potential future members* – every 1-2 months, but in the future these meetings may be limited to the Tourism LSP signatories.
